DISINFECTANT & PROTECTION SOLUTIONS

ZEBRA MOTIONWORKS PROXIMITY

Zebra's newest worker safety interface, MotionWorks Proximity, fits directly into your current mobile devices and uses bluetooth/WiFi technology to prevent prolonged exposure. Effectively trace proximity events while securing safe social distancing to prevent mass quarantines and optimize safety in high density areas.

- Vibrational alerts for secured social distancing
- Metrics track proximity events lasting over 5 minutes
- Proximity events logged without using employee's personal information
- User-friendly interface facilitates smaller quarantines to avoid mass shutdowns
- No additional hardware needed

DISINFECTANT & PROTECTION SOLUTIONS

AVALON INTEGRATION & ACCENT EXPOSURE AWARENESS SOLUTION

No IT support needed for deployment

Accent's lightweight wristbands use bluetooth technology to sense other nearby wristbands, creating an easy to follow record of proximity events across the workplace. Use Accent's intuitive platform to locate possible infection events and deploy smaller quarantines to preserve optimal productivity.

- Ensure minimal social distancing guidelines are met
- Record worker exposure through a secured network
- Integrates seamlessly off and on the warehouse floor
- Focus recommended quarantines only on possibly affected groups
- No personal information or personal phones required

DISINFECTANT & PROTECTION SOLUTIONS

PROTECTIVE BARRIER

Avalon offers a variety of protective barriers which is ideal for organizations conducting customer facing interactions or employee social distancing.

HP GUARDIENT PROTECTIVE SHIELDS

HP Guardient Protective Shields are constructed using 0.25" clear coated plexiglass or Lexon. The frame is constructed with extruded aluminum and steel and is available in with antimicrobial powder coat finish. Available in three stock sizes (2'x3', 3'x3', 4'x3'), the Guardient Protective Shield is available with free standing or countertop mounting options.

Part# 5854733 (4'x3')

Sale Price: \$699.00

Part# 5854723(3'x3')

Sale Price: \$599.00

Part# 5854739 (2'x3')

Sales Price: \$199.00

DISINFECTANT & PROTECTION SOLUTIONS

FLEX-SHIELD PROTECTIVE SHIELD

Flex-Shield provides a clear barrier which sites on counters or desktops to protect employees while still allowing eye contact and conversation. Constructed of strong polycarbonate material that measures 23.7" x 30" with a 12" x 3.5" pass through cutout. Unit includes footers for mounting (Color White).

Part# 5875645

Sale Price: \$375.00

FLEX SHIELD EXPANSION KIT

Adds wings Flex-Shield to expand width or curve around counter for additional protection. Flexible extruded hinges with adhesive allows you to configure panels at any angle. 11.5in x 30in.

Part# 5875646

Sale Price: \$250.00

DISINFECTANT & PROTECTION SOLUTIONS

UV CLEAN OVERVIEW

UV Clean is a high surface disinfectant for use on shared workstations such as mobile computers, Pc workstations, thermal transfer printers, tablets, etc. The solution uses UV-C energy to inactivate microorganisms at the genetic level by scrambling their cellular DNA. For further information please email info@avalonintegration.com

Protect your employees and customers by installing UV as a guard against the spread of infectious pathogens on high touch surfaces.

UV CLEAN STAND ALONE (SA)

UV Clean SA is designed to disinfect small portable devices, tablet computers, tools or equipment which is shared. UV Clean SA comes complete with motion activated UV-C light, low energy LED task light, supports automated and customizable cleaning cycles and covers a 24" active cleaning area range. UV Clean SA is made with 100% recyclable UV stable plastics and includes power supply.

Part# 5535866

Sale Price: \$429.00

DISINFECTANT & PROTECTION SOLUTIONS

UV CLEAN CUBE

UV Clean Cube provides 360° active cleaning area to disinfect small portable devices, tablet computers, tools or equipment that care measure less than 9"x7.25"x 6". UV Clean Cube provides three cleaning cycle modes, features an auto off feature when the lid opens and eliminates 99.9%* of pathogens on high touch objects. Power supply is included.

Part# 5842324

Sale Price: \$499.00

UV CLEAN SURFACE MOUNT (SM)

UV Clean SM provides a 24" active cleaning range and is designed to be attached on top of a monitor bezel or thermal transfer printer. UV Clean SM provides automated and customizable cleaning cycles, is motion activated for safe deployment and includes internal memory and built in audit trail.

UV Clean SM measures a compact 6" x 1" and is made with 100% recyclable UV stable plastics. Unit is backed by a two-year warranty and includes power supply.

Part# 5535867

Sale Price: \$349.00

DISINFECTANT & PROTECTION SOLUTIONS

UV CLEAN CLAMP MOUNT (CM)

UV Clean CM provides a 24" active cleaning range and is designed to be attached to the bottom of a monitor to provide additional disinfection to the entire work-surface below. UV Clean CM provides automated and customizable cleaning cycles, is motion activated for safe deployment and includes internal memory and built in audit trail.

UV Clean CM measures a compact 6" x 1" and is made with 100% recyclable UV stable plastics. Unit is backed by a two-year warranty and includes power supply.

Part# 5535865

Sale Price: \$349.00

UV CLEAN RETRO FIT (RF)

UV Clean RF provides a 24" active cleaning range and is designed to be attached to fixed mounted workstations. UV Clean RF provides automated and customizable cleaning cycles, is motion activated for safe deployment and includes internal memory and built in audit trail.

UV Clean RF measures a compact 6" x 1" and is made with 100% recyclable UV stable plastics. Unit is backed by a two-year warranty and includes power supply.

Part# 5535864

Sale Price: \$349.00

SENSING SOLUTIONS

PULSE OXIMETER

Pulse Oximeter: Color Display; SpO2 Measurement; Pulse Measurement; includes Pulse Ox & Instruction

Part# 21601

Sale Price: \$34.95

DIGITAL FOREHEAD THERMOMETER

Infrared Thermometer measures the body temperature based on the infrared energy emitted from the fore-head. Unit provides 1 second reading; 3-color backlight LCD displays Celsius & Fahrenheit; Smart Fever Alarm; 20 Reading Memory; includes Thermometer, 2x AAA Batteries, & Instructions

Part# 11110

Sale Price: \$79.95

SENSING SOLUTIONS

THERMAL IMAGING CAMERA OVERVIEW

Thermographic Cameras provided by Hikvision can be used for immediate detection of an elevated skin-surface temperature for an employee or visitor at all of your building access points. With accuracy up to $\pm 0.5^{\circ}\text{F}$, Hikvision provides 7 x 24 temperature screening and can be configured to ensure that all people accessing your building are wearing a protective face mask.

Deployment requires minimal IT support and can be configured to address many different coverage areas. Pricing below is for the base solution and does not include any required mounting, cabling or Network Video Recording capabilities. Contact Avalon for a detailed review of your requirements in order to obtain a firm Bill of Materials and cost.

HAND HELD PISTOL GRIP PORTABLE THERMAL IMAGER

HIKVISION USA INC High Accuracy Thermographic Hand Held Camera. 8 MP optical resolution camera, 8 MM lens (**recommended target distance is 10 'to 20' range**) - pistol-grip bi-spectrum thermography inspection camera, body temperature measurement, **Range: 86deg-113deg F**; **Accuracy 0.83deg F (0.5deg C)**. Tripod Mounting Accessory and bracket not included and sold separately.

SENSING SOLUTIONS

WORKSAFE FOR ZEBRA MOBILE COMPUTERS

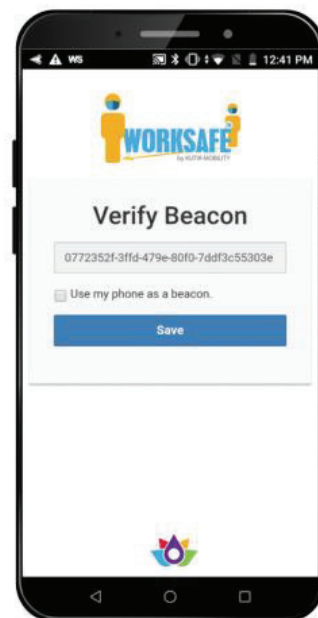

WorkSafe by Kutir Mobility provides a means to enforce social distancing in the workplace. By empowering employees to understand their physical proximity to co-workers, an employee's Zebra Android powered computer will provide an audible alert if a social distancing violation occurs.

On-demand facility views allow for an organizations leadership team to understand which employees are too close to others and provide safe work space guidance as well as contact tracing reporting should the need arise.

The solution works by providing each worker with a low-cost Bluetooth tag that they associate with the WorkSafe application running on their Zebra Android Mobile Computer. The application is continuously searching for other beacons (i.e. other co-workers) and if it senses another beacon as being too close the event is recorded and an audible alarm is emitted from the Zebra Mobile Computer alerting the employee that a social distancing violation has occurred.

For additional information and pricing for WorkSafe please email info@avalonintegration.com
